Journal of Paleolimnology 6: 265, 1991.

Volume contents

M. Hickmann & C. E. Schweger: A palaeoenvironmental study of Fairfax Lake, a small lake situated in the Rocky Mountain Foothills of west-central Alberta 1
R. M. Thorson & R. S. Webb: Postglacial history of a Cedar Swamp in southeastern Connecticut 17
H. E. Wright, Jr.: Coring tips 37
M.-J. Gaillard, J. A. Dearing, F. El-Daoushy, M. Enell & H. Håkansson: A late Holocene record of land-use history, soil erosion, lake trophy and lake-level fluctuations at Bjäresjösjön (South Sweden) 51
Books received 83
Instructions for authors 85
J. F. Boyle: Acidity and organic carbon in lake water: variability and estimation of means 95
P. Legendre & P. Dutilleul: Comments on Boyle's Acidity and organic carbon in lake water: variability and estimation of means 103
J. F. Boyle: Reply to Legendre and Dutilleul's comments 111
W. Jurasz & C. Amoros: Ecological succession in a former meander of the Rhône River, France, reconstructed by Cladocera remains 113
E. F. Stoermer, J. P. Kociolek, C. L. Schelske & N. A. Andresen: Siliceous microfossil succession in the recent history of Green Bay, Lake Michigan 123
S. H. McIntyre, H. C. Duthie & B. C. Warner: Postglacial development of a marl and peat complex on the Precambrian Shield of northwestern Ontario 141
W. Blake, Jr.: Ratios of stable carbon isotopes in some High Arctic plants and lake sediments 157
Note: I. Renberg: The HON-Kajak sediment corer 167
Announcement: 12th International Diatom Symposium, August–September 1992 171
R. A. Pickrill, C. S. Nelson, P. Stoffers & G. G. P. Craig: Influence of late holocene pyroclastic eruptions on the sedimentary geochemistry of Lake Rotoiti, North Island, New Zealand 173
D. G. Frey: First subfossil records of *Daphnia* headshields and shells (Anomopoda, Daphniidae) about 10 000 years old from northernmost Greenland, plus *Alona guttata* (Chydoridae) 193
A. P. Wolfe: Mid and late holocene diatoms from 'Water Supply Lake', Baffin Island, N.W.T., Canada 199
J. P. Bradbury: The late cenozoic diatom stratigraphy and paleolimnology of Tule Lake, Siskiyou Co. California 205
Comment: H. Simola: Chrysophyte stomatocyst taxonomy – classification of snowflakes? 257
Reply: C. D. Sandgren & J. P. Smol: Reply to Dr. Simola's comment on the taxonomy of 'snowflakes' chrysophyte cysts 261
